

FFA Circular

Circular No.20-15

3 August 2020

TO THE MEMBERS OF FFA

Amendments to the IFAB Laws of the Game

The purpose of this Circular is for Football Federation Australia (**FFA**) to provide an update on a further recent amendment to the International Football Association Board (**IFAB**) Laws of the Game.

Further to FFA Circular 20-11 Amendments to the IFAB Laws of the Game, on 8 May 2020, the IFAB issued IFAB Circular No. 19, which outlined amendments to Law 3 – The Players and substantively concerns the permitted maximum number of substitutions. Subsequently, on 16 July 2020, the IFAB issued IFAB Circular No. 20. A copy of the IFAB Circular No. 20 and FFA Circular 20-11 are enclosed.

Due to the profound and significant impact of the COVID-19 pandemic, the IFAB has approved FIFA's proposal to temporarily increase the permitted number of substitutions to five (5). Initially, this was restricted to competitions to be completed in by 31 December 2020 regardless of whether a competition has started. Given the ongoing impacts of the COVID-19 pandemic, the IFAB in IFAB Circular 20 has extended the temporary amendment to Law 3 – Players to enable this to be implemented in competitions that will be completed by 31 July 2021.

As noted in the IFAB Circulars No. 19 and 20, competition administrators have the discretion whether to implement this temporary amendment to Law 3 – The Players. If a competition administrator elects to implement this temporary amendment, this decision should be clearly communicated to players and other stakeholders, and amend any applicable competition regulations, in advance of the additional substitutions being permitted in that competition.

A copy of the current Laws of the Game is available from the [IFAB website](#).

Yours sincerely

A handwritten signature in black ink, appearing to read "J. Johnson", with a long horizontal flourish extending to the right.

Circular no. 20

Temporary amendment to Law 3 – continuation

Zurich, 15 July 2020
SEC/2020-C357/bru

The International Football Association Board
Münstergasse 9, 8001 Zürich, Switzerland
T: +41 (0)44 245 1886
theifab.com

Dear Sir or Madam,

On 8 May, in response to the impact of the COVID-19 pandemic on football competitions worldwide, The IFAB approved FIFA's proposal to introduce a temporary amendment to **Law 3 – The Players**. As per Circular no. 19 (see enclosed), competitions – at that stage, specifically those scheduled to be completed in 2020 – were given the option of allowing teams to use a maximum of five substitutes in matches.

The main reason for the temporary amendment was the impact on player welfare of competitions being played in a condensed period and in different weather conditions.

The IFAB Board of Directors agreed to review whether to extend the option into 2021. That review, which included stakeholder feedback and an analysis of the impact of COVID-19 on competition calendars, has shown that the initial reasons for the temporary amendment remain valid and the impact on player welfare is likely to continue into 2021 due to various factors, including:

- Some competitions that resumed in 2020 may have a shorter-than-usual recovery/preparation period before the start of their next season.
- For many competitions, the 2020/21 season will involve matches being played in a condensed period due to a delayed start and the inability to end later than usual because of major international tournaments.

Consequently, The IFAB Board of Directors has extended the optional temporary amendment to **Law 3 – The Players** for **competitions scheduled to be completed by 31 July 2021** and for **international competitions scheduled to take place in July/August 2021**.

There are no changes to the details of the temporary amendment, but The IFAB would like to remind all concerned that making substitutions at half-time does not count as using one of the three opportunities.

The changing impact of the pandemic on football will be kept under constant review to ensure appropriate action is taken in the future in relation to this temporary amendment. Thank you for your attention and please do not hesitate to contact us if you have any questions or enquiries. We hope you stay safe and healthy.

Yours sincerely,

The IFAB

Lukas Brud

Secretary

FFA Circular

Circular No. 20-11

21 May 2020

TO THE MEMBERS OF FFA

Amendments to the IFAB Laws of the Game

The purpose of this Circular is for Football Federation Australia (**FFA**) to provide an update on recent amendments to the International Football Association Board (**IFAB**) Laws of the Game.

IFAB Circular No. 18: Application of the relevant version of the Laws of the Game

On 7 April 2020, the IFAB issued IFAB Circular No. 18 which summarised the decisions taken at the 134th IFAB Annual General Meeting (**AGM**) in Belfast, Northern Ireland on 29 February 2020 and amendments to the Laws of the Game, which were approved at the AGM. A copy of the IFAB Circular No. 18 is enclosed.

The IFAB Circular No. 18 includes a summary and a comprehensive outline of the amendments to the Laws of the Game.

Consistent with the approach taken in previous years, the IFAB Circular No. 18 provides that the revised Laws of the Game, being the Laws of the Game 2020/21, will be effective from 1 June 2020 and must be applied to all match and competitions from this date. However, for competitions that commence prior to this date the competition administrator may elect to:

1. implement the Laws of the Game 2020/21 from 1 June 2020; or
2. continue to apply the Laws of the Game 2019/20 provided that the Laws of the Game 2020/21 be implemented at the start of the next iteration of that competition.

The IFAB Circular No. 18 also includes special provision for competitions that have been suspended due to COVID-19. If such competitions are recommenced, the competition administrator may elect to either:

1. complete the competition by applying the Laws of the Game 2019/20; or
2. implement the Laws of the Game 2020/21.

Where such a competition is recommenced, any friendly, practice or warm-up matches prior to the resumption of that competition are permitted to be played in accordance with the version of the Laws of the Game that will be applied when that competition restarts, even if such matches are played on or after 1 June 2020.

Based on the above, while competition administrators may consider the version of the Laws of the Game to be applied in that competition FFA would recommend that the Laws of the Game 2019/20 be applied to maintain consistency and uniformity across all competitions, regardless of whether a competition had commenced prior to the suspension of football activity. Any decision to apply the Laws of the Game 2020/21 should be clearly communicated to participants and other stakeholders in advance of such a change.

IFAB Circular No. 19: Temporary amendment to Law 3 – The Players

On 8 May 2020, the IFAB issued IFAB Circular No. 19, which outlined amendments to Law 3 – The Players and substantively concerns the permitted maximum number of substitutions. A copy of the IFAB Circular No. 19 is enclosed.

Due to the profound and significant impact of the COVID-19 pandemic, the IFAB has approved FIFA's proposal to temporarily increase the permitted number of substitutions for competitions to be completed in 2020 regardless of whether a competition has started.

The specific amendments to Law 3 – The Players are set out in the IFAB Circular No. 19, however, for ease of reference, the temporary amendment regarding additional substitutions may be summarised as follows:

1. each team will be permitted to use a maximum of five (5) substitutes;
2. to reduce disruption to the match, each team will have a maximum of three (3) opportunities to make substitutions during the game; substitutions may also be made at half-time;
3. if both teams make a substitution at the same time, this will count as one (1) of the three (3) opportunities for each team;
4. unused substitutions and opportunities are carried forward into extra time; and
5. where competition rules allow an additional substitution in extra time, teams will each have one (1) additional substitution opportunity; substitutions may also be made before the start of extra time and at half-time in extra time.

As noted in the IFAB Circular No. 19, competition administrators have the discretion whether to implement this temporary amendment to Law 3 – The Players. If a competition administrator elects to implement this temporary amendment, this decision should be clearly communicated to players and other stakeholders, and amend any applicable competition regulations, in advance of the additional substitutions being permitted in that competition.

A copy of the current Laws of the Game is available from the [IFAB website](#).

Yours sincerely

Circular no. 18

134th Annual General Meeting (AGM) of The International Football Association Board (The IFAB) – Decisions

Zurich, 7 April 2020
SEC/2020-C347/bru

The International Football Association Board

Münstergasse 9, 8001 Zürich, Switzerland
T: +41 (0)44 245 1886
theifab.com

Dear Sir or Madam,

The 134th AGM of The IFAB took place in Belfast, Northern Ireland on 29 February 2020 and was chaired by the Irish FA President, Mr David Martin. Details of the main decisions taken and discussions held at the AGM are outlined below; the minutes of the meeting will be available in due course on www.theifab.com.

In order to ensure that preparations to implement the Law changes can begin without delay, and to assist with the translation of the Laws of the Game, all the changes are set out in the accompanying document – *Laws of the Game 2020/21 – Changes and clarifications* – which is also available on www.theifab.com/document/for-football-bodies.

Downloadable English, French, German and Spanish versions of the Laws of the Game 2020/21 book will be available on our website shortly before the printed copies are distributed in May/June.

As usual, each confederation and national FA will receive five printed copies of the Laws of the Game 2020/21; each national FA will also receive one copy for each of its FIFA referees and assistant referees.

Pre-orders for additional copies of the Laws of the Game 2020/21 can be made through The IFAB's web shop at www.theifab.com/shop as from 7 April, at the reasonable price of CHF 3.00 per copy. To ensure the correct number of copies is produced, you should place your order by 24 April 2020 at the latest. Once your order is confirmed, you will receive an invoice with payment instructions. Please note that late orders may incur greater production costs and thus the price per copy may be higher.

1. Laws of the Game 2019/20

The members were pleased that the changes to the Laws of the Game for 2019/20 – particularly with regard to the goal kick, the substitution procedure, the use of red cards (RCs) and yellow cards (YCs) for team officials, and no attackers being allowed in the defensive wall – have had such a positive impact on the game at all levels.

2. Laws of the Game 2020/21

A number of changes to the Laws of the Game were approved; the exact wording is in the aforementioned enclosure.

All changes are compulsory for competitions and matches as from **1 June 2020**, although competitions which start before that date may implement them earlier or delay their implementation until no later than the start of the next competition.

Coronavirus (COVID-19) and the Laws of the Game

Competitions which have been suspended because of COVID-19 have the option of completing the competition using the Laws of the Game 2019/20 or adopting the Laws of the Game 2020/21.*

**'Friendly/practice/warm-up' matches in preparation for the restart of the competition are permitted to use the version of the Laws that will be used when the competition restarts, even if these matches are after 1 June 2020.*

Main Law changes

The main Law changes/clarifications approved at the AGM were:

- Handball:
 - Accidental handball by an attacking player should only be penalised if it 'immediately' results in a goal or an obvious opportunity for the player and/or their team to score a goal (i.e. following the handball, the ball travels only a short distance and/or there are very few passes)
 - For the purposes of determining handball offences, the 'arm' stops at the bottom of the armpit
- Penalty kicks and kicks from the penalty mark (KFPM):
 - If the goalkeeper offends but the kick misses the goal or rebounds from the goalposts/crossbar, the kick is not retaken unless the kicker was clearly impacted by the goalkeeper's offence
 - If a goalkeeper is penalised and a kick is retaken, the goalkeeper is warned for the first offence (in the game or in KFPM) and cautioned (YC) for any subsequent offence(s)
 - YCs for all players are not carried forward into KFPM. If a player receives a YC in both the match and KFPM, this should be recorded as two YCs, not as a sending-off (RC)
 - If the goalkeeper and kicker offend at exactly the same time, the kicker should be penalised

- Video assistant referees (VARs):
 - Only one TV signal is required for a 'VAR-only review'
 - Where a reviewable incident is subjective, the expectation is that the referee will undertake an 'on-field review' (OFR), i.e. the referee will view the replay footage in the referee review area

Other important clarifications

The following Law clarifications were also approved at the AGM:

- Goalposts and crossbars may be a combination of the four basic shapes
- Deliberate handball by a defender is 'deliberate play' for the purposes of offside
- If the goalkeeper is penalised for 'illegally' playing the ball a second time at a restart (i.e. before it has touched another player), the appropriate disciplinary sanction is applied, even if the second touch was with the hand/arm
- If the referee allows a 'quick' free kick or plays advantage for an offence which 'interfered with or stopped a promising attack', the YC is not issued
- A player who fails to respect the required 4m distance at a dropped ball should receive a YC
- If the goalkeeper 'flicks' the ball up at a goal kick or free kick and it is headed or chested back by a team-mate for the goalkeeper to catch, the kick should be retaken but there is no disciplinary sanction unless this occurs persistently

The members agreed that the fundamental philosophy of offside is underpinned by a desire to encourage attacking football and the scoring of goals. It was further agreed, therefore, that **Law 11 – Offside** should be analysed and reviewed with a view to potentially proposing changes reflecting this philosophy.

3. Concussion

The important and complex issue of concussion was discussed within the context that The IFAB only has responsibility for what happens during a match.

The members received feedback from the Concussion Expert Group meeting and it was agreed that deliberations would continue and protocols would be drawn up in the coming weeks to trial ways in which actual or potential head-injury events in a match could be managed.

4. 'play fair!': behaviour on the field of play

It was agreed that the focus for the coming year would be to consider ways in which the Laws of the Game might assist in reducing mobbing in football.

5. Video assistant referees (VARs)

The members were pleased to learn of the considerable increase in countries and competitions using, or planning to use, VARs following the successful implementation in competitions organised by FIFA, the confederations and in almost 40 countries worldwide. They acknowledged that there had been some inconsistency amongst high-profile competition organisers in the application of the VAR protocol as defined in the Laws of the Game. However, recent communication from these competition organisers signalled a positive shift towards the universal application of the protocol from next season.

The members were also updated on various technological developments, including important work being undertaken by FIFA to develop systems which will make the use of VARs more accessible to those countries and competitions with limited financial resources.

It was furthermore agreed that more insight into the decision-making process, for example access to the conversation between match officials during a review, would not be appropriate at this point, but that more effort should be made to enhance existing communication approaches to improve understanding of the review process and the referee's final decision.

6. Communication and education

The members were updated on the steps being taken to continue developing football stakeholders' understanding of the Laws of the Game, particularly through the use of media channels and digital tools such as the Laws of the Game mobile application.

Laws of the Game mobile application

As you might know, The IFAB launched the Laws of the Game app last year, presenting the Laws of the Game in a new, easily accessible and environmentally friendly way. It includes the full and up-to-date Laws with the latest changes highlighted (complete with explanations), as well as the VAR protocol, a glossary and practical guidelines for match officials. The app is useful for anyone interested in football and the Laws of the Game, from professionals and amateurs to fans and members of the media (more information can be found here: www.theifab.com/logapp/).

Although the app is available in English, French, German and Spanish, there is high demand for other language versions to be included. Therefore, we have also prepared the app to be able to operate in more languages (for more information, please contact us at logapp@theifab.com).

The IFAB is very grateful for the support and the many suggestions from all areas of the football world, which help the Laws of the Game to evolve to make football, from grassroots to international level, even fairer, more accessible and more enjoyable.

We will maintain our global consultation so that the Laws of the Game continue to promote and protect fairness and integrity on the field of play.

Thank you for your attention – please contact us if you have any questions or enquiries.

Yours sincerely,
The IFAB

Lukas Brud
Secretary

Encl.: as mentioned

Laws of the Game 2020/21

Changes and clarifications (and changes to the VAR protocol, Glossary and Practical Guidelines)

The International Football Association Board
April 2020

Outline summary of Law changes

Law 1 – The Field of Play

- Goalposts and the crossbar may be a combination of the four basic shapes

Law 10 – Determining the Outcome of a Match

- Yellow cards (YCs) and warnings are not carried forward into kicks from the penalty mark (KFPM)
- *See also changes to Law 14 relating to KFPM*

Law 11 – Offside

- Deliberate handball by a defending player is considered 'deliberate play' for offside

Law 12 – Fouls and Misconduct

- Handball:
 - the boundary between the shoulder and the arm is defined as the bottom of the armpit (see the diagram on p. 14)
 - 'accidental' handball by an attacking player (or team-mate) is only penalised if it occurs 'immediately' before a goal or clear goal-scoring opportunity
- A goalkeeper can receive a YC or be sent off (RC) for 'illegally' touching the ball a second time after a restart (e.g. goal kick, free kick etc.) even if the touch is with the hand/arm
- Any offence (not only a foul) which 'interferes with or stops a promising attack' should result in a YC
- A player who fails to respect the 4m required distance at a dropped ball should receive a YC
- If the referee plays advantage or allows a 'quick' free kick for an offence which 'interfered with or stopped a promising attack', the YC is not issued

Law 14 – The Penalty Kick

- An offence by the goalkeeper is not penalised if a penalty kick misses the goal or rebounds from the goal (without a touch from the goalkeeper) unless the offence clearly affected the kicker
- The goalkeeper is warned for the first offence; it is a YC for any further offence(s)
- The kicker is penalised if the goalkeeper and the kicker offend at exactly the same time

VAR protocol

- Only one 'TV signal' is required for a VAR-only review

Glossary

- A definition of the offence of holding has been included
- A player's position at a restart is the position of the feet or any part of the body which is touching the ground (except as outlined in Law 11 – Offside)

Clarification

If at a goal kick or free kick the goalkeeper 'flicks' the ball up and a team-mate heads/chests the ball back for the goalkeeper to catch, the kick is retaken; there is no disciplinary sanction (unless this occurs persistently)

Editorial changes

A few editorial changes have been made to make the order of the text more consistent/logical; they are underlined in the Laws:

Reorganised text

Law 12 – Fouls and Misconduct

- The order of the bullet points defining handball offences has been rearranged

Law 14 – The Penalty Kick

- Additional bullet points relating to goalkeeper offences have been included
- The summary table of offences at a penalty kick has been updated and reorganised

VAR protocol

- The text in the 'Review' section has been rearranged to emphasise the expectation that most VAR reviews will be 'on-field reviews' (OFRs)

Details of all Law changes

The following are the changes to the Laws of the Game for the 2020/21 edition. For each change, the new/amended/additional wording is given, together with the old wording, where appropriate – followed by an explanation of the change.

- Text to be deleted = ~~football~~
- New text = football

Law 1 – The Field of Play

10. Goals

Amended text

(...)

The goalposts and crossbar must be made of approved material. They must be square, rectangular, round, ~~or elliptical~~ or a combination of these in shapes and must not be dangerous.

Explanation

The goalposts and crossbar may be a combination of the four basic shapes.

Law 2 – The Ball

2. Replacement of a defective ball

Amended text

If the ball becomes defective:

- play is stopped and
- restarted by dropping the replacement with a dropped ball ~~where the original ball became defective~~

Explanation

Wording changed to be consistent with Law 8.

Law 4 – The Players’ Equipment

4. Other equipment – Electronic performance and tracking systems (EPTS)

Amended text

Electronic performance and tracking systems (EPTS)

Where wearable technology (WT) as part of electronic performance and tracking systems (EPTS) is used in matches played in an official competition organised under the auspices of FIFA, confederations or national football associations, the competition organiser must ensure that the technology attached to the ~~player’s~~ players’ equipment is not dangerous and ~~must bear the following mark~~ meets one of the following standards: IMS (International Match Standard) or FIFA Quality.

(this diagram is to be deleted)

~~This mark indicates that it has been officially tested and meets the minimum safety requirements of the International Match Standard developed by FIFA and approved by The IFAB. The institutes conducting these tests are subject to the approval of FIFA.~~

~~Where electronic performance and tracking systems (EPTS) are used (subject to the agreement of the national football association/competition organiser) provided by the match or competition organiser, it is the responsibility of that match or the competition organiser ~~must~~ to ensure that the information and data transmitted from EPTS to the technical area during matches played in an official competition are reliable and accurate. (...)~~

The following mark indicates that an EPTS (wearable or optical) ~~device/system~~ has been officially tested ~~and meets~~ to the requirements in terms of reliability and accuracy of positional data in football:

Explanation

Wording reflects updates to the FIFA performance standards for EPTS devices.

Law 10 – Determining the Outcome of a Match

3. Kicks from the penalty mark

Amended text

Kicks from the penalty mark are taken after the match has ended and unless otherwise stated, the relevant Laws of the Game apply. A player who has been sent off during the match is not permitted to take part; warnings and cautions issued during the match are not carried forward into kicks from the penalty mark.

Explanation

Cautions (YCs) and warnings issued during the match (including during extra time) are not carried forward because kicks from the penalty mark (KFPM) are not part of the match. A player who receives a YC during both the match and the KFPM is not sent off (during the KFPM or for disciplinary purposes).

3. Kicks from the penalty mark

Amended text

During kicks from the penalty mark

(...)

- If the goalkeeper commits an offence and, as a result, the kick is retaken, the goalkeeper ~~must be cautioned~~ is warned for the first offence and cautioned for any subsequent offence(s).

(...)

- If both the goalkeeper and the kicker commit an offence at the same time:
 - ~~If the kick is missed or saved, the kick is retaken and both players cautioned~~
 - ~~If the kick is scored, the goal is disallowed, the kick is~~ recorded as missed and the kicker cautioned

Explanation

- Most goalkeeper encroachment results from mis-anticipating when the ball will be kicked, so the goalkeeper should be warned for a first offence but must be cautioned for any further offence(s) at the retaken kick and/or any subsequent kick.
- When (rarely) the goalkeeper and the kicker offend at exactly the same time, the kicker should be penalised, as it is the 'illegal' feinting that causes the goalkeeper's encroachment.

Law 11 – Offside

2. Offside offence

Amended text

A player in an offside position receiving the ball from an opponent who deliberately plays the ball ~~(except from a deliberate save by any opponent)~~, including by deliberate handball, is not considered to have gained an advantage, unless it was a deliberate save by any opponent.

Explanation

Clarification that deliberate handball by a defender is considered 'deliberate play' for offside. As 'legal' deliberate play (e.g. a kick or header) causes a player in an offside position to no longer be offside, 'illegal' play should have the same outcome.

Law 12 – Fouls and Misconduct

1. Direct free kick – Handling the ball

New text and diagram

For the purposes of determining handball offences, the upper boundary of the arm is in line with the bottom of the armpit.

Explanation

For the purposes of handball, the arm starts at the bottom/end of the armpit, as shown in the diagram on page 14.

1. Direct free kick – Handling the ball

Amended text

It is an offence if a player:

- deliberately touches the ball with their hand/arm, including moving the hand/arm towards the ball
- scores in the opponents' goal directly from their hand/arm, even if accidental, including by the goalkeeper
- gains possession/control of after the ball after it has touched their or a team-mate's hand/arm, even if accidental, and then the player immediately:
 - scores in the opponents' goal
 - creates a goal-scoring opportunity

~~It is usually an offence if a player:-~~

- touches the ball with their hand/arm when:
 - (...)

~~Except for the above offences, it is not usually an offence if the ball touches a player's hand/arm:~~

~~(...)~~

Explanation

Clarification that:

- if an attacking player accidentally touches the ball with their hand/arm and the ball then goes to another attacking player and the attacking team immediately scores, this is a handball offence;
- it is not an offence if, after an accidental handball, the ball travels some distance (pass or dribble) and/or there are several passes before the goal or goal-scoring opportunity.

1. Direct free kick – Handling the ball

Amended text

The goalkeeper has the same restrictions on handling the ball as any other player outside the penalty area. If the goalkeeper handles the ball inside their penalty area when not permitted to do so, an indirect free kick is awarded but there is no disciplinary sanction. However, if the offence is playing the ball a second time (with or without the hand/arm) after a restart before it touches another player, the goalkeeper must be sanctioned if the offence stops a promising attack or denies an opponent or the opposing team a goal or an obvious goal-scoring opportunity.

Explanation

If a goalkeeper deliberately plays the ball a second time at a restart (before it has touched another player) and stops a promising attack or denies a goal or an obvious goal-scoring opportunity, the goalkeeper should be cautioned (YC) or sent off (RC). This applies even if the second touch was with the hand/arm, as the offence is not 'handball' but 'illegally' playing the ball a second time.

3. Disciplinary action – Delaying the restart of play to show a card

Amended text

Once the referee has decided to caution or send off a player, play must not be restarted until the sanction has been administered, unless the non-offending team takes a quick free kick, has a clear goal-scoring opportunity and the referee has not started the disciplinary sanction procedure. The sanction is administered at the next stoppage; if the offence was denying the opposing team an obvious goal-scoring opportunity, the player is cautioned; if the offence interfered with or stopped a promising attack, the player is not cautioned.

Explanation

If the referee allows a 'quick' free kick after a DOGSO offence, the (delayed) RC becomes a YC, so to be consistent, if the referee allows a 'quick' free kick after an offence which interfered with or stopped a promising attack, the (delayed) YC should not be issued.

3. Disciplinary action – Advantage

Amended text

If the referee plays the advantage for an offence for which a caution/sending-off would have been issued had play been stopped, this caution/sending-off must be issued when the ball is next out of play. However, if the offence was denying the opposing team except for the denial of an obvious goal-scoring opportunity, when the player is cautioned for unsporting behaviour; if the offence was interfering with or stopping a promising attack, the player is not cautioned.

Explanation

If the referee plays advantage for a DOGSO offence, the RC becomes a YC, so to be consistent, if the referee plays advantage for an offence which interfered with or stopped a promising attack, the YC should not be issued.

3. Disciplinary action – Cautionable offences

Amended text

A player is cautioned if guilty of:

(...)

- failing to respect the required distance when play is restarted with a dropped ball, corner kick, free kick or throw-in

Explanation

Inclusion of dropped ball in cautionable offences for ‘failing to respect the required distance’.

3. Disciplinary action – Cautions for unsporting behaviour

Amended text

There are different circumstances when a player must be cautioned for unsporting behaviour, including if a player:

(...)

- commits a foul any other offence which interferes with or stops a promising attack, except where the referee awards a penalty kick for an offence which was an attempt to play the ball

Explanation

A promising attack can be stopped or interfered with by an offence which is not a foul challenge (e.g. ‘illegally’ playing the ball a second time after a restart), so the wording now includes all such offences other than handball, which is covered in the previous bullet point.

Law 14 – The Penalty Kick

2. Offences and sanctions

Amended text

(...)

If, before the ball is in play, one of the following occurs:

(...)

- the goalkeeper offends:
 - if the ball enters the goal, a goal is awarded
 - if the ball misses the goal or rebounds from the crossbar or goalpost(s), the kick is only retaken if the goalkeeper's offence clearly impacted on the kicker
 - if the ball is prevented from entering the goal by the goalkeeper, the kick is retaken
If the goalkeeper's offence results in the kick being retaken, the goalkeeper is warned for the first offence in the game and cautioned for any subsequent offence(s) in the game.
- ~~the goalkeeper or a team-mate of the goalkeeper~~ offends:
 - if the ball enters the goal, a goal is awarded
 - if the ball does not enter the goal, the kick is retaken; ~~the goalkeeper is cautioned if responsible for the offence~~
- a player of both teams offends ~~the Laws of the Game~~, the kick is retaken unless a player commits a more serious offence (e.g. 'illegal' feinting)
- ~~if both the goalkeeper and the kicker commit an offence at the same time:~~
 - ~~if the kick is missed or saved, the kick is retaken and both players cautioned~~
 - ~~if the kick is scored, the goal is disallowed, the kicker is cautioned and play restarts with an indirect free kick to the defending team~~

Explanation

- Confirmation (as outlined in IFAB Circular no. 17 – August 2019) that if the goalkeeper offends at the taking of a penalty kick and the ball misses the goal or rebounds from the goalposts or crossbar (i.e. the goalkeeper does not 'save' the kick), the goalkeeper is not penalised unless the goalkeeper's action(s) had a clear impact on the kicker.
- Most goalkeeper encroachment results from mis-anticipating when the ball will be kicked, so the goalkeeper should not be cautioned for a first offence but must be cautioned for any further offence(s) at that kick and/or any subsequent kick.
- If the kicker and goalkeeper offend at exactly the same time (a rare event), the goalkeeper's offence is usually caused by the kicker's 'illegal' feinting, so the kicker is penalised.

3. Summary table

Amended table

| | Outcome of the penalty kick | |
|---|--|---|
| | Goal | No Goal |
| Encroachment by attacking player | Penalty is retaken | Indirect free kick |
| Encroachment by defending player | Goal | Penalty is retaken |
| <u>Encroachment by defending and attacking player</u> | <u>Penalty is retaken</u> | <u>Penalty is retaken</u> |

VAR protocol and handbook updates

4. Procedures – Check

Amended text

- If the 'check' indicates a probable 'clear and obvious error' or 'serious missed incident', the VAR will communicate this information (~~but not the decision to be taken~~) to the referee, who will then decide whether or not to initiate a 'review'.

Explanation

Reference to the final decision is removed, as the VAR is permitted to give advice to the referee about the decision but the referee always makes the final decision.

4. Procedures – Review

Amended text

- If play has not already stopped, the referee stops play when the ball is next in a neutral zone/situation (usually when neither team is in an attacking move) and shows the 'TV signal'
- ~~In both situations, the referee must indicate that a 'review' will take place by clearly showing the 'TV signal' (outline of a TV screen)~~
- The VAR describes to the referee what can be seen on the TV replay(s) ~~but not the decision to be taken~~, and the referee then:
 - shows the 'TV signal' (if not already shown) and goes to the referee review area to view replay footage – 'on-field review' (OFR) – before making a final decision. The other match officials will not review the footage unless, in exceptional circumstances, asked to do so by the referee

or

- makes a final decision based on the referee's own perception and the information from the VAR, and, where appropriate, input from other match officials – VAR-only review
- At the end of both review processes, the referee must show the 'TV signal' ~~again~~, immediately followed by the final decision
- For subjective decisions, e.g. intensity of a foul challenge, interference at offside, handball considerations, an 'on-field review' (OFR) is ~~often~~ appropriate
- For factual decisions, e.g. position of an offence or player (offside), point of contact (handball/foul), location (inside or outside the penalty area), ball out of play etc. a VAR-only review is usually appropriate but an 'on-field review' (OFR) can be used for a factual decision if it will help manage the players/match or 'sell' the decision (e.g. a crucial match-deciding decision late in the game)

Explanation

- Only one 'TV signal' is needed for a 'VAR-only review' (unless a signal is also required after stopping play).
- Reorganising the text emphasises that 'on-field reviews' (OFRs) are expected when the incident/decision is non-factual.

Changes to the Glossary

New text

Holding offence

A holding offence occurs only when a player's contact with an opponent's body or equipment impedes the opponent's movement

Restart position

A player's position at a restart is determined by the position of their feet or any part of their body which is touching the ground, except as outlined in Law 11 – Offside

Changes to Practical Guidelines for Match Officials

Penalty kick (p.212)

Amended text

If the goalkeeper blatantly moves off the goal line before the ball is kicked and ~~a goal is not scored~~ prevents a goal from being scored, the AR ~~must raise the flag~~ should indicate the encroachment according to the pre-match instructions from the referee.

5. Injuries (p.222)

Additional subheading and text

The safety of the players is of paramount importance and the referee should facilitate the work of the medical personnel, especially in the case of a serious injury and/or an assessment of a head injury. This will include respecting and assisting with agreed assessment/treatment protocols.

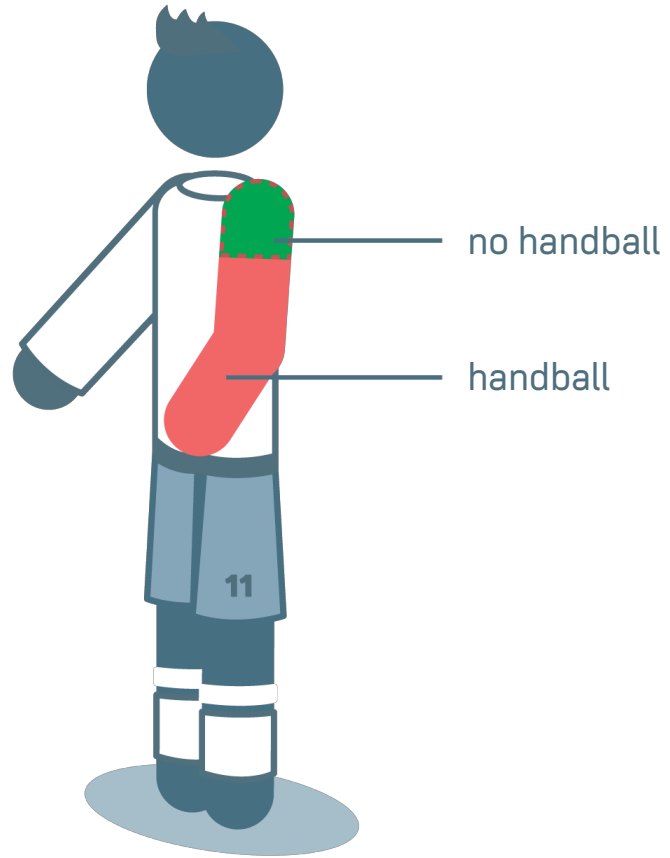

5- 6. Treatment/assessment after a caution/sending-off (p.222)

Amended subheading number and text

(...)

As a general guide, (...) ready for play to restart, except in the case of a serious injury and/or an assessment of a head injury.

Circular no. 19

Temporary amendment to Law 3

Zurich, 8 May 2020

SEC/2020-C350/bru

The International Football Association Board

Münstergasse 9, 8001 Zürich, Switzerland

T: +41 (0)44 245 1886

theifab.com

Dear Sir or Madam,

The COVID-19 pandemic has had a far-reaching impact on daily life, including sport, around the world. As many countries begin to emerge from this situation, the focus is slowly turning to the resumption of football competitions that have been affected by the virus. When competitions resume, matches may be played in a condensed period (e.g. to reduce the impact on future competitions) and in different weather conditions, both of which could have an impact on player welfare.

Consequently, The IFAB has approved FIFA's proposal to introduce a temporary amendment to **Law 3 – The Players** relating to the maximum number of permitted substitutions (details below and on page 3) for competitions **scheduled to be completed in 2020**, whether or not they have already started.

Competition organisers have discretion as to whether or not to apply this temporary amendment. The IFAB and FIFA will determine at a later stage whether this option will need to be extended, e.g. to competitions due to be completed in 2021.

Law 3 – The Players – temporary amendment

The exact wording can be found on page 3 of this document, but in summary:

- Each team will be permitted to use a maximum of five substitutes.
- To reduce disruption to the match, each team will have a maximum of three opportunities to make substitutions during the game; substitutions may also be made at half-time.
- If both teams make a substitution at the same time, this will count as one of the three opportunities for each team.
- Unused substitutions and opportunities are carried forward into extra time.
- Where competition rules allow an additional substitution in extra time, teams will each have one additional substitution opportunity; substitutions may also be made before the start of extra time and at half-time in extra time.

NB: the use of return substitutes is not an option for senior competitions.

The IFAB also takes this opportunity to draw competition organisers' attention to existing options within the Laws of the Game concerning the welfare and safety of the players and other participants, in particular those related to drinks breaks and cooling breaks contained in Law 7.

Competitions in which video assistant referees (VARs) are implemented are permitted to cease their use upon their restart, at the discretion of the competition organiser. However, where VARs are used, all aspects of the Laws of the Game and, by extension, the VAR protocol will remain in place.

Competitions eligible to use the temporary amendment to Law 3, or any of the other existing options, do not require permission from The IFAB to do so.

Coronavirus (COVID-19) and the Laws of the Game 2020/21

The Laws of the Game 2020/21 come into force for competitions (and non-competition matches) as from 1 June 2020, but competitions suspended because of COVID-19 have the option of completing the competition using the Laws of the Game 2019/20 or the Laws of the Game 2020/21, even if the restart is after 1 June 2020. 'Friendly/warm-up/practice' matches in preparation for the restart of the competition should use the version of the Laws that will be used when the competition restarts.

Thank you for your attention and please do not hesitate to contact us if you have any questions or enquiries.

We hope you stay safe and healthy.

Yours sincerely,
The IFAB

Lukas Brud
Secretary

Law 3 – The Players: number of substitutions

Current wording:

2. Number of substitutions

Official competitions

The number of substitutes, up to a maximum of five, which may be used in any match played in an official competition will be determined by FIFA, the confederation or the national football association except for men's and women's competitions involving the 1st teams of clubs in the top division or senior 'A' international teams, where the maximum is three substitutes.

Temporary amendment:

Competition organisers have the option of applying either or both of the following:

- *During the match, each team:*
 - *may use a maximum of five substitutes*
 - *has a maximum of three substitution opportunities**
 - *may additionally make substitutions at half-time*
- *Where extra time is played, each team:*
 - *may use an additional substitute (whether or not the team has used its maximum number of substitutes)*
 - *has one additional substitution opportunity* (whether or not the team has used its maximum number of substitution opportunities)*
 - *may additionally make substitutions:*
 - *in the period before the start of extra time*
 - *at half-time in extra time*

If a team has not used its maximum number of substitutes or substitution opportunities, the unused substitutions and opportunities may be used in extra time.

**Where both teams make a substitution at the same time, this will count as a used substitution opportunity for each team.*
